Bijesh Vattapparambil serves as the Managing Director of CashLaw Global, bringing over 13 years of distinguished experience in auditing, taxation, and strategic advisory. His expertise spans the full spectrum of corporate finance, including Mergers & Acquisitions (M&A) and the implementation of complex accounting systems. Holding an MBA and recognized as a Fellow Financial Accountant (FFA FIPA), Bijesh is a foundational leader within the firm and was instrumental in establishing CashLaw Global's VAT practice, combining technical precision with a client-centric approach that fosters enduring professional partnerships.

Mohamed Libas

Director – Audit & Accounting

With over 12 years of experience, Libas leads key audit engagements with precision and strategic oversight. He previously held an internal audit role within one of the largest hospital groups across India and the GCC, strengthening his expertise in large-scale financial governance and risk control. As a senior member of the audit team, he plays a pivotal role in driving quality, consistency, and excellence across the firm's assurance functions. Holding a Bachelor of Commerce (B.Com) degree and qualifying as a Chartered Accountant, Libas brings disciplined financial acumen and structured audit leadership to every engagement.

Jayakrishnan

Director – Risk & Advisory

Jayakrishnan brings over a decade of specialized experience in statutory audits, financial reporting, and internal control evaluations. With a deep understanding of International Financial Reporting Standards (IFRS), he leads complex audit engagements to ensure absolute financial transparency and regulatory compliance. His expertise in identifying financial risks and mapping control processes allows him to provide clients with rigorous assurance and actionable insights into their organizational integrity. Holding a Bachelor of Commerce (B.Com) degree and qualifying as a Chartered Accountant, Jayakrishnan combines strong academic grounding with technical precision to deliver structured, standards-driven audit leadership.

Muhammed Afroz

Director – Taxation, Audit & Compliance

With over 10 years of experience in indirect taxation across the UAE and India, Afroz plays a key role within the Corporate Tax and VAT division at CashLaw. His expertise spans VAT compliance, tax advisory, and corporate tax structuring, with a strong emphasis on regulatory accuracy and alignment with evolving local legislation. Holding a Bachelor of Commerce (B.Com) degree and qualifying as a Chartered Accountant, Afroz brings technical depth and disciplined tax oversight to complex compliance and advisory engagements.

WHAT WE PROVIDE

Discover Our Range of Services and Solutions >>

AUDIT & ASSURANCE

Our audit and assurance specialists deliver robust reporting and independent opinions designed to bolster investor confidence and ensure full compliance with all regulatory frameworks. By utilizing a single, unified audit methodology globally, we provide consistent, high-quality service excellence regardless of where your business operates.

Statutory Audit

We perform integrated audits that combine traditional financial statement examinations with independent, objective assurance on specific financial data, transactions, and internal processes.

Limited Review

We provide high-level reviews of historical financial information, offering "negative assurance" to provide stakeholders with comfort regarding the reliability of your data.

Financial Reporting Advisory

We offer proactive guidance on the impact of evolving accounting standards, helping your organization develop and execute a seamless implementation roadmap for new financial changes.

Agreed-Upon Procedures (AUP)

We conduct targeted analyses of your financial and non-financial data based on specific, pre-defined processes, reporting all findings and exceptions to help you achieve your desired business outcomes.

In-Country Value Program (ICV) Certification

As a premier provider of ICV certification in the UAE, CashLaw is recognized by all relevant authorities. Beyond merely issuing certificates, we partner with clients to calculate their ICV scores and identify strategic opportunities to enhance their local business operations.

ACCOUNTING & BOOKKEEPING

Effective bookkeeping is essential for monitoring financial transactions and maintaining accurate, up-to-date records to minimize legal and operational risks.

Bookkeeping

We specialize in delivering premier, customized accounting services in Dubai designed to let you focus on propelling your business forward.

ERP Implementation

Our unique, proven approach covers strategy, selection, implementation, and change management, using standardized methodologies that have become the industry standard.

Payroll Management

We have an illustrious reputation for extending the best payroll processes in the UAE, combining deep knowledge with advanced technology for easily comprehensible service.

Accounts Payable Outsourcing

We provide comprehensive solutions to manage cash flow, streamline payment processes, reduce costs, and enhance overall operational efficiency.

TAX

The tax landscape is transforming. Our specialists provide a comprehensive scope of direct and indirect tax services to ensure compliance while providing insights gained from managing tax in various jurisdictions.

Corporate Tax

We are dedicated to helping businesses navigate the introduction of Corporate Tax (CT) in the UAE, ensuring compliance and maximizing tax efficiency.

Excise Tax

We provide related advisory and compliance services to producers, importers, and storekeepers of excisable goods.

Transfer Pricing

Through our expertise in global regulations and best practices, we develop tailored solutions that meet your unique requirements.

VAT

As trusted VAT consultants in Dubai, we offer straightforward, expert consultancy services to help your business stay compliant while saving time and money.

International Tax Advisory

We help multinational groups optimize tax structures and assess group transactions to ensure efficient tax planning.

Customs & Trade

We assist with global cross-border tax structuring, planning, and compliance needs.

BUSINESS ADVISORY

Our Advisory specialists are progressive thinkers who help you navigate rapid market demands, providing hands-on and proactive advice on all aspects of growth strategies throughout your business cycle.

Business Consulting

We provide you with implementable plans that drive sustainable strategies to grow and optimise your business performance.

Regulatory Advisory

We help financial institutions navigate evolving regulations with deep regional expertise and compliance support.

AML Compliances

We pride ourselves on providing exceptional services for Anti-Money Laundering and Combating the Financing of Terrorism (CFT) compliance. With our team of experts who possess vast industry experience, in-depth knowledge, and specialized skills, we deliver a comprehensive range of AML/CFT services that meet the unique needs of each of our clients.

Business Risk Services

We help you achieve the right balance between minimising risk exposure, optimising profitability and developing compliance review checklists.

Forensics

We help you tackle fraud and corruption through hands-on support and advanced technology, ensuring strong governance and compliance in a fast-evolving landscape.

M&A & Transactions

Whether you're acquiring or divesting a company, we support you throughout the entire transaction process. With a strong focus on strategic and financial advice, we help you develop strategy, mitigate risks and execute deals to ensure an optimal transaction.

MANAGEMENT SERVICES

Strong business processes are essential for any organization aiming to operate effectively and capitalize on new market opportunities. We help businesses establish systems and processes that reduce reliance on individuals and enable scalability. Our management consulting services in Dubai UAE guide business owners in defining or redefining their vision and strategic objectives.

SOP Development

Standard Operating Procedure (SOP) development is the process of creating clear, detailed instructions to guide employees in completing tasks consistently and efficiently. We study and assess your company's existing structure, workflow, input and output documents and thereafter conduct a gap analysis to identify gaps in existing business process and organizational structure.

PRO Services

Employing CashLaw, a renowned business consultant in Dubai, can help you in the process of setting up a business. Our wealth of experience in the field of business setup consultants in Dubai helps us to make the process smooth and uncomplicated. We provide you with a detailed picture of how to incorporate and operate a company in the UAE, along with step-by-step guidance.

Virtual CFO Services

We provide Virtual CFO (Chief Financial Officer) services with high-level financial expertise and strategic advice without the need to hire a full-time, in-house CFO. These services are typically offered by external firms or consultants, and can be tailored to businesses of all sizes.

Fixed Asset Management & Asset Tagging

Fixed asset tagging and management ensure that assets are properly tracked, efficiently used, and comply with financial and regulatory requirements. This improves accountability, reduces theft or loss, and supports accurate financial reporting.

ADD ON SERVICES
